Signature: 

AMENDMENT

Sir:

In response to the Office Action mailed July 17, 2002, please enter the following amendments and consider the appended remarks.

IN THE SPECIFICATION

Please replace the paragraph beginning at page 2, line 10 as follows:

a' In light of these and other drawbacks, the present invention provides a motor coil-shortening detecting unit that includes a motor having a wire wrapped about its rotor, a detecting means for detecting current or voltage supplied to the motor from a power source, and a determining means that determines a coil
